Director		Date	
Reason for Inspection			

202 KAR 7:501 Section 12 Extrication and Other Rescue Equipment

(1) All ground providers licensed to respond to emergency calls shall provide and maintain in full operational order the following minimum light access and extrication equipment on the ambulance:

(a)	Two (2) pairs of eye protection goggles or safety glasses
(b)	Two (2) pairs of heavy work gloves
(c)	Two (2) hard hats
(d)	Three (3) reflective triangles or strobes, or equivalent warning devices

(2) For response to trauma scenes requiring extrication, ground providers licensed to respond to emergency calls shall provide one (1) vehicle, which need not be an ambulance, equipped with the following fully-operational, more extensive access and extrication equipment

(a)	Two (2) fifty (50) foot long 7/16 or one-half (1/2) inch static or dynamic nylon ropes
(b)	One (1) pair of pliers or vise grips
(c)	One (1) wrench, with adjustable, stable open end
(d)	One (1) set of screwdrivers, four (4) sizes, regular blade
(e)	One (1) set of screwdrivers, four (4) sizes, Phillips type
(f)	One (1) double action tin snip
(g)	One (1) crowbar with pinch point
(h)	One (1) hacksaw with twelve (12) blades
(i)	One (1) hammer, three (3) pound size
(j)	One (1) fire axe
(k)	One (1) wrecking bar
(l)	One (1) bolt cutter, with one and one-fourth (1 1/4) inch jaw opening
(m)	One (1) four (4) ton porta-power jack and spreader tool
(n)	One (1) shovel, short handle, with pointed blade
(o)	One (1) shovel, long handle, with pointed blade
(p)	One (1) come-along tool or other acceptable wenching device
(q)	Two (2) fire-proof blankets

Extrication Through Outside Agency

(3) A ground ambulance provider may meet the provision of subsection (2) of this section through the execution of a mutual aid agreement with ALS medical first response providers, fire departments or rescue squads that provide service to the ambulance service's licensed response area. The ambulance service shall have mutual aid agreements that cover all of their licensed response area in order to be exempt from maintaining the more extensive access and extrication equipment.

Agreement or Agreements to cover Ambulance Service's licensed response area
Agreement or Agreements cover all of licensed response area
