

## Memorandum

Date: August 14, 2020  
To: All Services and ePCR Industry Partners  
From: Drew Chandler, Data Administrator  
Re: NEMSIS 3.5 Transition Timeline

The Kentucky Board of Emergency Medical Services unanimously voted to adopt the Data Committee's recommendation for transitioning to NEMSIS Version 3.5 to meet regulatory compliance with [202 KAR 7:540](#) Section 4. The significant dates for Kentucky's ambulance services and software partners are:

- January 2021 - KSTARS begins acceptance of Version 3.5 EMS records,
- January 2022 - All agencies transitioned to Version 3.5,
- July 2022 - KSTARS ceases acceptance of Version 3.4 EMS records.

Additional information about NEMSIS and Version 3.5 is available at [nemsis.org](http://nemsis.org). The website includes comprehensive [data dictionaries](#), [software and compliance testing](#), and [resources](#) for your service's chosen software partner.

We look forward to the improvements that come with the latest version of NEMSIS. Please view the [KSTARS page](#) on our website contact our office with any questions about this document through [support.kyems.com](http://support.kyems.com).
